Report

Shri Vile Parle Kelavani Mandal's College of Pharmacy, Tardi, Shirpur, successfully organized a Parent-Teacher Meeting (PTM) on 24 January 2026 with the objective of strengthening the relationship between parents, teachers, and the institution, and to discuss the overall academic progress and development of students.

The meeting witnessed active participation from parents, and their overall response was extremely positive and encouraging. Parents appreciated the initiative taken by the college to conduct the PTM and expressed their satisfaction with the academic environment, discipline, and continuous efforts taken by the faculty and management for the holistic development of students.

During the meeting, teachers interacted personally with parents and discussed the academic performance, attendance, behavior, and progress of their wards. To maintain transparency and help parents clearly understand their child's performance, answer sheets were shown to them and explained in detail. This helped parents gain better insight into the strengths and areas of improvement of their children. Parents found this approach very helpful and appreciated the honesty and clarity maintained by the institution.

The principal Dr. Vivekkumar Redasani sir addressed the parents and assured them that the college is always open to suggestions and committed to making positive changes wherever required for the betterment of students. He emphasized that the institution's primary goal is to support students academically, morally, and professionally. This assurance created a strong sense of trust among parents.

Many parents openly appreciated the efforts of the management, faculty members, and support staff for their dedication, guidance, and continuous encouragement given to students. They expressed confidence in the institution and showed willingness to cooperate with the college for the overall growth of their children.

Overall, the Parent-Teacher Meeting was highly successful. It created a positive platform for open communication, strengthened the bond between parents and the institution, and reinforced a shared commitment towards the academic success and personal development of students.

Glimpses of PTM

The principal sir addressing parents and highlighting the institution's academic vision.

Parents sharing valuable feedback during the Parent-Teacher Meeting.
